STORMWATER

New Federal and State Regulations require all of us to control and contain the storm water runoff on our own property. The same regulations also require Villages and Municipalities to restrict the storm water runoff that spills into our harbor. Garbage, cigarette butts, dog waste, automobile oil leaks and other items that could wash down our streets and into Northport Harbor must now be eliminated. We ask your assistance in doing so.

Our clean beaches and recreational waterways are one of Northport's treasured assets. Lets work together to control our rain water and also eliminate what washes into our Harbor.

PERMITS OR APPROVAL IS REQUIRED FOR THE FOLLOWING ACTIVITIES

Building Construction • Retaining walls (new or replacement) • Plumbing work (other than maintenance of existing) • Detached structures like pools, sheds, sports courts, garages, cabanas etc. • New deck or increase in size of existing decks • New driveway, increasing the size of an existing driveway, and/or paving over pervious driveways • Structure or unacceptable plantings in the unpaved portions of the right of way • New electrical work • Disturbance of area that slope 10% or more (slopes more than 1' in 10' run) • Work on the paved portion of the streets, sidewalks and curb • Outdoor Fires • Garage Sale • New signs or replace an existing sign • Installing a fireplace and/or wood burning stove

The period between 9:00 p.m. and 7:00 a.m. shall not be included in computing such requirements.

In the event that the snow or ice on the improved sidewalk shall be frozen so that it cannot be removed, the owner, lessee, tenant, occupant or other person in charge of any real property within the village as aforesaid shall, within the time specified above, cause the improved sidewalk adjacent to said premises to be strewn with sand, sawdust or some similar material and shall, as soon thereafter as the weather permits, thoroughly clear and clean said improved sidewalk.
